

The Berwyn District Civic Association is proud to nominate Jerry Anzulovic to receive the first annual Jack Perry Award. He has been an important part of the Berwyn neighborhood and our lives for many years. He served as the president of the Berwyn District Civic Association more times than anyone can recall and has tirelessly served the residents of College Park and the Berwyn community. The reality is that Jerry Anzulovic and Jack Perry spent so much time together driving around and watching over the Berwyn Community (as well all other areas of College Park) there never was a need to establish a strong neighborhood watch program. Together with Jack Perry they would look after the neighborhood including putting together a "Graffiti Defeat Brigade" that would immediately go out and paint over any graffiti that appeared in the neighborhood. Jerry has always volunteered for everything and must have served the community at more county and city planning and board meetings than anyone could possibly imagine. Also, for those who know Jerry he has an amazing knowledge of local history and often uses this knowledge in advocating on behalf of the Berwyn Community. Jerry has always been proud to be called a "Berwyner" and there will probably never be another person who takes as much pride as he does in living in Berwyn. To top it all off, besides the fact that Jerry has been very generous in the countless hours spent volunteering for the community, he has also on several occasions invited the entire Berwyn community out to dinner and drinks. In conclusion, we strongly hope that you will give due consideration to awarding Jerry Anzulovic the 2013 Jack Perry Award.

Sincerely,

Kevin Young
President of the Berwyn District Civic Association
