Dear Mayor and Council:

The Berwyn District Civic Association voted to request that the Mayor and Council delay the vote on the location of City Hall until after it formally requests and receives input from each of the City's civic associations. Many Berwyn residents feel that the Branchville location, which is centrally located and would be easily accessible to all residents, was dismissed without sufficient consideration. Developing the Branchville site would stimulate much needed development in this core area.

Also, a new potential location (Stone Industries) has recently been identified and deserves fair consideration before a final decision is made.

We thank you for your consideration and look forward to further engagement with all city civic associations regarding this matter.

Kevin Young, President
Berwyn District Civic Association
